Omni
Benefits

• TouchCenter’s graphics and menu-driven prompts guide the homeowner every step of the way, making operation simple. End-users will use the system more, increasing customer retention and satisfaction.

• TouchCenter is so easy to use that it will help reduce false alarms, end-user training costs and costly service calls.

• TouchCenter provides a valuable upsell opportunity, allowing for centralized control of lights, garage doors and select appliances.

• The Family Message Center allows family members to record or playback messages for one another, adding another valuable upsell opportunity.

With its touchscreen interface, the affordable 6270 TouchCenter provides centralized, fingertip control of security, lighting, appliances and garage doors. Even the most advanced functions are a snap, with graphics and menu-driven prompts guiding the end user every step of the way.
**GRAPHIC TOUCHSCREEN**

**6270 TouchCenter Keypad**

**Graphic Touchscreen Keypad**

**Security**
- Arm System: Away, Stay, Night
- Exit/Entry delay countdown
- User codes: Allows authorized user to add or delete codes
- View Zone Status: If system is not ready to arm, displays any open zones with:
  - Zone number
  - Zone description
  - Status
  - Authorized users may bypass and unbypass zones

**Event Log**

TouchCenter conveniently displays the most recent actions involving system use. A press on the touch screen is all it takes to access the event log, letting users easily:
- View when the system was used and who used it
- Track when workers and temporary guests use the system
- Keep tabs on family members (e.g., checking if a child has armed the system upon returning home from school)
- Utilize the TouchCenter as an effective business management tool (e.g., viewing openings and closings)

**Keypad**
- Emulation of standard 2x16 alpha LCD keypad display
- Diagnostics allows testing of: LCD display, audio and LED indicators

**Message Center**
- Record and playback messages for users
- Blinking LED indicates a message has been left
- Over two minutes of recordable time

**AVAILABLE PACKS:**

**V20P6270PK** includes:
VISTA-20P, 6270, Wave2, IS2260467, 620, 621

**V20PWRLSPK** includes:
VISTA-20P, 6270, 5890PI, 5816 (3), 5881ENH, 467, 620, 621
**Benefits**

- **Intuitive:** Symphony makes it easier than ever to take advantage of security system features, while reducing costly false alarms.

- **Intelligent:** By simply following the graphics on the touchscreen, the end-user can conduct a variety of everyday tasks with unprecedented ease.

- **In Touch:** Symphony services include additional value-added features for the end-user. Remote control capability from any Web browser keeps the users in touch at any time.

- **Picture Perfect:** Symphony, combined with Optiflex, gives the end-user the ability to view cameras around their home or business right at the Symphony touchscreen or via the Internet.

Symphony's full color interface offers the simplest and most secure operation possible. With Symphony, you can control security, operate lights and appliances, and even control events remotely from any Web browser. When combined with Optiflex, our new digital video controller, you'll enjoy the highest level of security.
