

partner of choice

John and Eleanor Duffy started Per Mar Security Services in 1953 with no capital – but a belief in The American Dream. They built their business in Davenport, Iowa on a strong work ethic, deep faith and community values. These great traditions continue under President and CEO, Michael Duffy. Now one of the largest full service security companies in North America, Per Mar employs more than 3,000 people and has over 20 branch offices throughout the Midwest. Offering high-tech electronic security systems, fire protection, physical security officers, investigative services and special event solutions, Per Mar is committed to the communities it serves. Honeywell is proud to have been part of the great Per Mar tradition from the very beginning and to be selected as its Partner of Choice.
