

Remote Keypad

Mobile security for people on the go!

The remote keypad feature lets you access and operate your system and view live video remotely from anywhere in the world when using your mobile phone or other compatible devices.

Free apps are available for Apple iPhone, iPad and iPod touch devices as well as BlackBerry® and Android™ smartphones.

- Arm, disarm, silence or check the status of your security system
- Access up to 100 locations with one login
- Toggle between security keypad events and video functions with the tap of a finger
- Multiple account capability—great for vacation homes or franchises
- Control lights, garage and warehouse doors

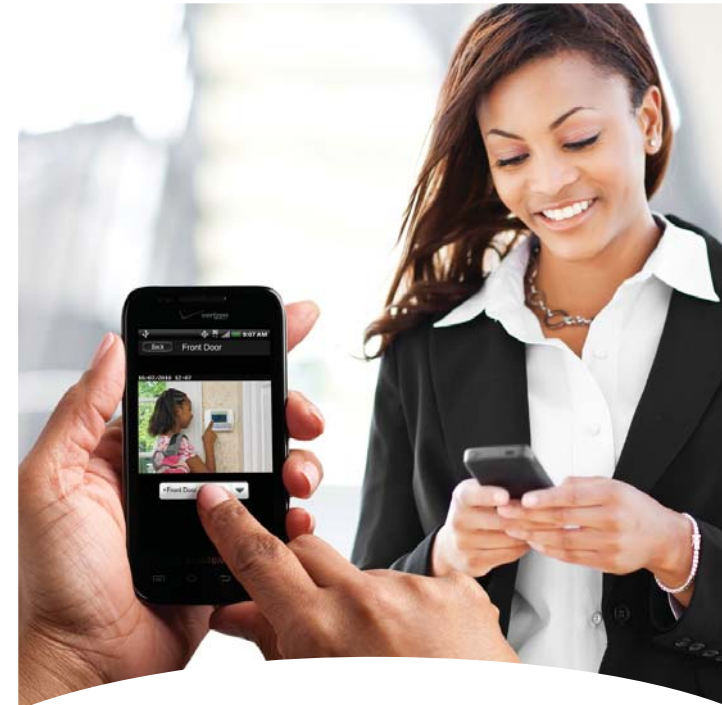

Total Connect™ app is available for free download in the Apple iTunes® App Store™. Total Connect subscribers can download the BlackBerry app for free by logging into their accounts. The Android app is available in Android Market. Apple, iPhone, iPad, iPod touch and iTunes are trademarks of Apple Inc. All other trademarks are property of their respective owners.

Get Connected

Three great ways to get the information you need whenever you want...wherever you are.

Honeywell's Total Connect™ Remote Services let you receive important alerts, keep a close eye on your home or business and control your security system remotely on the same mobile devices you use each and every day, wherever you are.

You can count on the event notification, video services and state-of-the-art remote security keypad for a level of awareness and peace of mind that is unmatched—helping you enhance communication and stay connected to your home or business whether you're across the street or across the world. Isn't it time you got connected?

Ask your security professional for details today!

Event Notification

E-mail alerts provide you with up-to-date information about activity in and around your home or business...enhancing your awareness and peace of mind.

You can sign up to receive important event notifications via e-mail formats or video alerts on your smartphone, laptop or any other compatible wireless device. You'll get the information you need instantly so you can decide what action to take. Wherever you are, you can be alerted to important activities and events occurring at your home or business, including:

- When the security system has been armed or disarmed
- When a safe or liquor cabinet has been opened
- When your child has arrived home from school
- When doors to restricted/hazardous areas or confidential files have been opened
- When a flood or extreme temperature change is detected
- If motion is sensed in a protected area indoors or outdoors
- If a valuable object is moved (e.g. antique, painting, electronic equipment, etc.)

Video

Effortlessly monitor your home, family or business from any remote location.

With Honeywell's Total Connect™ Video Services, you can view live video and receive images of specific activity occurring around the interior or exterior of your home or business anytime, anywhere.

- A video alert, picture or series of pictures can be e-mailed to you upon the occurrence of an important event
- Control pan and tilt cameras with a simple double tap, up, down or diagonal swipe of the finger on Apple® iPhone® and iPad® devices
- Keep an eye on your home or business with or without a security system
- View up to six cameras at a time
- Check up on the kids, nannies, babysitters, employees, service people and elderly relatives
- Monitor vulnerable areas
- Great for franchises, vacation homes and investment properties
