Wireless Products

Honeywell’s quick-install wireless devices, with their rock-solid stability and long battery life, were built with the security professional in mind—giving you the opportunity to sell a full range of exciting options that make systems easier than ever to operate. Honeywell also offers the industry’s most flexible, convenient and cost-effective UL-listed commercial grade wireless solutions.

THIS SECTION INCLUDES:
ADEMCO
— Door & Window Sensors
— Glassbreak Detectors & Shock Sensors
— Environmental Sensors
— Motion Sensors
— Asset Protection
— Smoke, Heat & CO Detectors
— Remote Controls
— Receivers
— Accessories
— Wireless Keypads

Street Smart User Interfaces

| All 5800 Series transmitters work across the receiver families unless otherwise noted. |

“Honeywell wireless door and window contacts not only have improved the aesthetics of our jobs with their sleek appearance, but have simplified installation and allowed us to be more competitively priced. They go almost unnoticed with their ultra small profile and sleek appearance.”

John Lindberg, President
Dial One General Electronic Security, Inc.
Cincinnati, OH
Wireless

There's a simple reason why Honeywell's patented 5800 Series is the premier name in wireless. Reliability. Of course, it doesn't hurt that the 5800 Series is also the most flexible, convenient and cost-effective wireless security in the industry today.

But don’t just take our word for it - ask the thousands of dealers around the world who have used 5800 Series devices on millions of installations. They’ll tell you that they make even the most labor-intensive installations quicker and more profitable. The field-proven 5800 Series offers the widest range of wireless devices available today – including smoke and heat detectors, carbon monoxide detectors, environmental sensors, door/window transmitters, glassbreak detectors, a variety of convenient remote keys and our discreet new asset protection sensors. And Honeywell's UL Listed commercial grade wireless security solutions provide unmatched reliability, letting you quickly and easily install security and fire devices in areas where wiring has previously been impossible.

5800 SERIES

DOOR & WINDOW SENSORS

5800RPS
Wireless Recessed Transmitter
• Single-zone transmitter
• Ideal for ornate doors
• Includes a fully supervised replaceable lithium battery
• Dimensions: 1" L x 3/4" D 8" antenna

5814
Ultra Small Door/Window Transmitter
• Single-zone transmitter
• Extremely compact
• Transmits supervisory, tamper and low battery
• Features a built-in reed switch and tamper
• Magnet included
• Includes a fully supervised replaceable CR2430 battery
• Dimensions: 1-1/2" H x 1-3/16" W x 5/8" D

5815
Door/Window Transmitter
• Two-zone transmitter
• Dual reed switches for horizontal or vertical mounting
• Transmits supervisory, tamper and low battery
• Magnet included
• Includes a fully supervised replaceable CR123 battery
• Dimensions: 3" H x 1-1/2" W x 7/8" D

5811
Thin Door/Window Contact Transmitter
• Single-zone transmitter
• Sleek design virtually disappears
• Transmits supervisory, tamper and low battery
• Easy-to-open case requires no special tools
• Case tamper protection
• Magnet included
• Ideal for double-hung windows
• 3V lithium battery included
• Dimensions: 2-1/8" H x 1-3/16" W x 1/4" D

5800Micra
Recessed Window Transmitter
• Single-zone transmitter
• Smallest wireless recessed transmitter on the market
• Magnet included
• Includes a fully supervised replaceable battery
• Dimensions: 3/4" diameter, 1/3" long

5816
Door/Window Transmitter
• Two-zone transmitter
• Easy open case (no tool required)
• Transmits supervisory, tamper and low battery
• Includes a fully supervised replaceable CR123 battery
• Dimensions: 3-1/16" H x 1-9/16" W x 1-3/16" D

ALSO AVAILABLE:
5811BR – Brown
MINIMAG – Five spare magnets (White)
5816MN – Mini Door/Window Transmitter
5816WMWH – Door/Window Transmitter with magnet (White)
5899 – 4-pack of magnets (White)
5816WMBR – Door/Window Transmitter with magnet (Brown)
5816BR – 3-pack (Brown) cases
5898BR – 10-pack of magnets (Brown)

ALSO AVAILABLE:
5816MN – Mini Door/Window Transmitter
5816WMWH – Door/Window Transmitter with magnet (White)
5899 – 4-pack of magnets (White)
5816WMBR – Door/Window Transmitter with magnet (Brown)
5816BR – 3-pack (Brown) cases
5898BR – 10-pack of magnets (Brown)
Wireless Products  5800 SERIES

GLASSBREAK DETECTORS & SHOCK SENSORS

5817
Door/Window Transmitter
- Three-zone transmitter
- Includes a fully supervised replaceable CR123 battery
- Supports NC/NO
- Supports fast response zone type
- Dimensions: 3-1/2" H x 1-9/16" W x 1-3/16" D

5817CB
Commercial Transmitter
- Three-zone transmitter
- First loop (primary loop) - supervised and used for high-priority alarm reporting; normally open
- Second loop – built-in, normally closed reed switch used in conjunction with magnet
- Third loop - normally closed household burglary loop
- Includes a fully supervised replaceable CR123 battery
- Dimensions: 3-1/2" H x 1-9/16" W x 1-3/16" D

5818MNL
Mini Recess Transmitter
- Recess mount for concealed protection
- Includes an easily replaceable AAA lithium battery
- Transmitter: 3" L x 3/4" D
- Magnet: 1/2" L x 3/8" D

5820L
Slimline Door/Window Transmitter
- Slimline transmitter with magnet
- Front/rear case tamper
- Magnet included
- Includes an easily replaceable AAA lithium battery
- Dimensions: 3" H x 1/2" W x 5/8" D

ALSO AVAILABLE:
5899B – 4-pack of spare magnets (White)
GLASSBREAK DETECTORS & SHOCK SENSORS

**5800SS1**
*Window Shock Sensor*
- Protects up to a 10’ x 10’ area of glass
- Mounts quickly and easily without having to remove the cover
- Protects all types of glass
- Perfect for sliding doors, skylights and picture windows
- Includes a fully supervised replaceable CR2 battery
- Dimensions: 1-3/5” H x 1-3/5” W x 4/5” D

**5819**
*Shock Processor and Transmitter*
- Provides three zones for total protection
  - Closed loop shock sensing and processing (shock sensor sold separately)
  - External contact loop
  - One built-in reed switch
- Adjustable pulse count and response sensitivity settings to meet demanding application requirements
- Includes a fully supervised CR123 battery
- Dimensions: 4-3/4” H x 1-1/2” W x 1” D

**5819WHS**
*Shock Processor and Transmitter with Integrated Shock Sensor*
- Provides three zones for total protection
  - Closed loop shock sensing and processing with shock sensor included
  - External contact loop
  - One built-in reed switch
- Adjustable pulse count and response sensitivity settings to meet demanding application requirements
- Includes a fully supervised CR123 battery
- Dimensions: 4-3/4” H x 1-1/2” W x 1” D

**5853**
*Glassbreak Detector*
- Four selectable sensitivity settings (Max, Medium, Low and Lowest)
- 25 foot range
- Covers all glass types
- Remote test mode activation
- Includes two fully supervised, easily replaceable CR123 batteries
- Easy installation using the FG-701 remote glassbreak simulator
- Dimensions: 5” H x 3” W x 1-1/10” D

**ALSO AVAILABLE:**

- **5819BRS** – Brown
5821
Temperature Sensor and Flood Detector
- Can detect low temperature before pipes burst
- Five selectable temperature ranges
- Local or remote temperature probe
- Transmits supervisory, tamper and low battery
- Includes a fully supervised, replaceable CR123 battery (up to 10 year battery life)
- Dimensions: 3-1/10" H x 1-3/5" W x 1" D

Also Available:
Remote Probes
T280R – Temperature Probe
470PB – Remote Water Probe

5800PIR-RES
Residential Wireless PIR
- Range 35' x 40'
- 80 lbs. pet immunity
- Dimensions: 3-3/8" H x 2-3/8" W x 1-1/2" D
- Temperature range 14° F to 131° F
(-10° C to 55° C)

Faster and Simpler Installation
- Easy opening case with no pcb to remove for installation
- No mounting height adjustments
- Covered pcb for fewer damaged parts on installation
- Automatic walk test – lasts 10 minutes on power up
- No screws, DIP switches or jumpers to program

Fewer Service Calls
- Longer battery life versus 5890/PI
- End-user replaceable batteries
- Walk test automatically turns off so installer does not forget to set jumper back

Improved Aesthetics and User Acceptance
- Over 50% smaller than 5890/PI and 5894PI
- Family look
- Spare cases can be painted
- LED light pipe hidden

Honeywell’s 5821 is a versatile wireless device that can be configured to operate as either a standalone temperature sensor and/or a remote temperature sensor or flood detector. It is ideally suited for a wide range of applications including bathrooms, laundry rooms and basements.
5800PIR SERIES INDOOR MOTION DETECTORS

5800PIR
Wireless PIR
- Range 35' x 40'
- 0 or 80 lbs. pet immunity (selectable)
- Dimensions: 3-3/8" H x 2-3/8" W x 1-1/2" D
- Temperature range 14° F to 131° F (-10° C to 55° C)

Faster and simpler installation
- Easy opening case with no pcb to remove for installation
- No mounting height adjustments
- Covered pcb for protection during installation
- Automatic walk test - lasts 10 minutes on power up and tamper
- No screws, DIP switches or jumpers to program
- Flashlight walk test - can be turned on with a flashlight
- Pet Immune and No Pet in 1 unit (loop 1 or 2)
- Look down zone (optional)

Fewer service calls
- Longer battery life versus 5890/PI
- End-user replaceable batteries
- Walk test automatically turns off so installer does not forget to set jumper back
- Remotely programmable (via compass)
- UV tolerant lens

Increase RMR/content per sale
- Low temperature sensor (< 45° F)
5800 SERIES

5800PIR SERIES INDOOR MOTION DETECTORS

5800PIR-COM
Wireless Commercial PIR
• Range 60’ x 80’ or 100’ x 20’
• Dimensions: 3-3/8” H x 2-3/8” W x 1-1/2” D
• Temperature range -4° F to 131° F (-20° C to 55° C)

Faster and simpler installation
• Easy opening case with no pcb to remove for installation
• No mounting height adjustments
• Covered pcb for protection during installation
• Automatic walk test – lasts 10 minutes on power up and tamper
• No screws, DIP switches or jumpers to program
• Flashlight walk test – can be turned on with a flashlight
• Look down zone (optional)

Fewer service calls
• Longer battery life versus 5890/PI
• End-user replaceable batteries
• Walk test automatically turns off so installer does not forget to set jumper back
• Remotely programmable (via compass)
• UV tolerant lens

Improved aesthetics and user acceptance
• Over 50% smaller than 5890/PI and 5894PI
• Family look
• Spare cases can be painted
• LED light pipe hidden

Increase RMR/content per sale
• Low temperature sensor (< 45° F)

Commercial appeal
• 60’ x 80’ pattern or 100’ x 20’ pattern
• Works to colder temperatures (-20° C/-4° F)
• Self test

ACCESSORIES:
5800PIRCASE-WH - White Empty Case for 5800PIR Family
**Honeywell's 5898 Wireless K-Band DUAL TEC Motion Sensor** provides superior detection and reduces the risk of false alarms. The combination of PIR and K-Band microwave technologies enable the sensors to distinguish between real intruders and other environmental conditions by “confirming” each other within a defined area of protection.

### 5898

**PIR Motion Detector**

- **Faster and Easier to Install**
  - Specific features that contribute to this benefit include:
    - Automatic walk test
    - Flashlight walk test
    - Remotely programmable sensitivity
    - Circuit board does not need to be removed to install
  - Ceiling and wall mounting brackets help to easily direct the pattern where needed
  - No mounting height adjustments
  - 7'-9' mounting height means fewer restrictions than current offerings
  - Easy opening case
  - Covered circuit board reduces risk of installer initiated damage

- **Fewer Service Calls**
  - Incorrect installation of equipment or changing requirements at the site (e.g., new pets) are no longer a problem with:
    - Automatic walk test mode turns on the walk test LED for ten minutes.
    - Walk test mode can also be triggered with a flashlight.
    - Remotely programmable sensitivity
    - Longer battery life
    - End-user replaceable batteries
    - Black bug guard means 15% fewer false alarms due to bright lights directed into the PIR
    - UV protected lenses

- **Pet/Animal Immunity**
  - 0, 50 or 100 lbs (0, 22.6 or 45 Kg) When used with the animal immune lens (included)

- **Sensitivity**
  - Remotely selectable
  - Loop 1 = Pulse count 2 [50 lbs or 100 lbs of pet immunity]
  - Loop 2 = Pulse count 1 [0 lbs of pet immunity]

- **Range**
  - 50' x 60' (15m x 18m); 90° wide angle
  - 44 zones (22 long range, 12 intermediate, 6 lower, 4 look-down)
  - 35' x 40' (11m x 12m); 90° wide angle
  - 102 zones (44 long range, 36 intermediate, 18 lower, 4 look-down)

### New 5898

**50'/15m Wide Angle Lens**

- 5898 DUAL TEC
- Top View
- Minimum 26'/8 m
- Maximum 30'/9 m

**35'/11m Animal Immune Lens**

- 5898 DUAL TEC
- Top View
- Minimum 20'/6 m
- Maximum 26'/8 m

US Patent 7,654,784
The 5800PIR-OD is an ideal solution for outdoor sensing needs in difficult to wire locations—avoiding the costs and time to trench hardwired solutions. It’s perfect for both residential (activity monitors, e-mail alerts, turning on video cameras) and commercial (protecting copper theft, utility and electrical substations, cellular sites, commercial buildings, car lots and more) applications.

5800PIR-OD
Wireless Outdoor Motion Sensor
- Range adjustable from 7 feet/2.1 meters up to 40 feet/12 meters
- 90 degree adjustable pattern
- Large and small animal immune
- Operating temperature -4° F to 122° F (-20° C to 50° C)
- Pole mounting kit included
- 2.7-4.0 foot mounting height (0.8-1.2 meters)
- Dual passive infrared design—both PIRs must trip to declare an alarm
- Pulse count two and four
- Three sensitivity settings
- Includes four fully supervised 1.5V AA lithium batteries
- IP54 weatherproof design
- Dimensions: 7.8” H x 3.2” W x 4.7” D
Guard against theft with Honeywell's 5870 Asset Protection Sensor! Utilizing 5800 Series wireless and advanced technology, the device easily affixes to any asset needing to be protected within a home or business. It is ideal for paintings, safes, flat screen TV's, electronics, equipment and more.

**5870API**
Indoor Asset Protection Sensor
- Offer an additional layer of protection which is always on (even when the panel is disarmed)
- Ideal for theft protection and alarm verification
- Protect specific assets while complementing the interior space protection
- Quick and easy installation
- Increase content per sale and RMR

**ALSO AVAILABLE:**
5870API-WH – White
5870API-GY – Gray

**Applications Include:**
**Residential**
- Expensive electronics
- House safe/gun safe
- Paintings
- Antiques and collectibles

**Commercial**
- Museums and art galleries (paintings and sculptures)
- Universities and schools (computers, projectors, laboratory equipment)
- Office (printers, copiers, computers and cash box)
- Construction sites (tools and building materials)

**Modes of Operation**
- **Painting**
  - 1-3 Seconds
  - High Security (Fast Trigger) Mode (Loop 1)
- **Large Screen TV**
  - 5-6 Seconds
  - Standard Security Mode (Loop 2)
- **Jewelry Box**
  - Greater than 30° = LOOP 3
  - Tilt Mode (Loop 3)

Works great with Total Connect

Honeywell Award Winner!
Honeywell's life safety devices range from easy-to-use, portable devices that can summon help in the event of an emergency to wireless smoke and heat detectors for extra protection and peace of mind.

**5802MN**  
Single-Button Personal Panic  
- Sleek design, fully supervised portable panic  
- Single button action  
- Use as pendant or belt clip (belt clip included)  
- Includes user-changeable lithium battery  
- Dimensions: 2-2/5" H x 1-1/2" W x 1/2" D

**5802MN2**  
Dual-Button Personal Panic  
- Sleek design, fully supervised portable panic  
- Dual-button action  
- Use as pendant or belt clip (belt clip included)  
- Includes user-changeable lithium battery  
- Dimensions: 2-2/5" H x 2-3/4" W x 1/2" D

**5869**  
Commercial Holdup Switch/Transmitter  
- Designed for inconspicuous operation when mounted under money drawer or counter  
- Comes with reset key  
- Cover tamper as well as breakaway tamper  
- UL 636  
- Includes 3V lithium battery  
- Dimensions: 1-15/16" W x 5-15/16" H x 1-3/16" D

**5809**  
Wireless Rate-of-Rise Fixed Temperature Heat Detector  
- Combines both rate-of-rise and fixed temperature sensors  
- Trips at 135° F or when the temperature rises more than 15° per minute  
- Mounts on ceiling or wall for maximum installation flexibility  
- UL 521 commercial/residential applications  
- CSFM commercial/residential applications  
- Includes 3V lithium battery  
- Dimensions: 4-2/5" diameter

**5806W3**  
Photoelectric Smoke Detector  
- Facilitates fire verification for false alarm reduction required by ANSI/SIA CP-01 standards  
- Sends alarm, tamper, maintenance and battery condition messages to the system's receiver  
- Equipped with dual LED (green and red) status indicators  
- UL 268 – commercial and residential installation  
- Includes 3V lithium battery  
- Dimensions: 5.3" diameter

**5808W3**  
Photoelectric Smoke/Heat Detector  
- Ideal for commercial and residential use  
- Includes built-in fixed temperature (135° F/57.2° C) thermal detector  
- Capable of sensing a pre-freeze condition if temperature drops below 41° F (5° C)  
- UL 268—commercial and residential  
- Includes 3V lithium battery  
- Dimensions: 5.3" diameter

**5800CO**  
Wireless Carbon Monoxide Detector  
- Sends alarm, trouble, tamper and battery condition messages to the system's receiver  
- Equipped with dual LED (green and red) status indicators  
- Generates temporal 4 pattern audible warning in an alarm condition  
- Surface-mount to wall or ceiling  
- Includes 3V lithium battery  
- Dimensions: 5.3" with mounting base diameter

**5800COA**  
- ULC listed to CAN CSA 6.19.01

Wireless Products

WIRELESS KEYS

The 5800 Series gives you the opportunity to differentiate your business by offering your customers the industry's widest range of wireless keys.

If you value convenience and ease of operation, you will love the new 5834-4EN Wireless Key. Similar in size to a car alarm remote, it offers most of the features of a traditional security keypad with system control at your fingertips.

5834-4EN
Four-Button Wireless Key with Plated Bezel and Key Ring
- Plated bezel and key ring
- Additional key ring color options (purchase separately)
- Four buttons with eight programmable functions
- Tactile keys and LED indication that the transmission was sent
- Icons for simple, easy-to-understand functions
- Supports both Standard and High-Security encrypted modes
- User replaceable, long-life lithium batteries
- Dimensions: 2-1/4” x 1-1/4” x 1/2”
- Compatible with Honeywell’s 5800 Series wireless products

5834-4
Four-Button Wireless Key
- Four buttons with eight programmable functions
- Tactile keys and LED indication that the transmission was sent
- Icons for simple, easy-to-understand functions
- Supports both Standard and High-Security encrypted modes
- User replaceable, long-life lithium batteries
- Dimensions: 2-1/4” H x 1-1/4” W x 1/2” D
- Compatible with Honeywell’s 5800 Series wireless products

5804BD
Four-Button Wireless Bidirectional Key
- Four completely programmable buttons
- Provides visual and audible system status feedback
- Includes user-replaceable, long-life lithium batteries
- Recessed keys
- Two-button panic
- Requires 5800TM system status transmitter or 6150RF/6160RF/5883H
- Remote activation of lights, appliances and garage doors (additional equipment needed for lights, appliances and garage doors)
- Dimensions: 4” H x 2” W x 5/8” D

5878
Wireless Remote Keypad
- Eight programmable functions
- Includes user-replaceable, long-life lithium batteries
- Two-button panic
Compatible with: All LYNX controls and VISTA with 5800 receiver

5804BDV
Four-Button Talking Bidirectional Key
- Four completely programmable buttons
- Speaks system status in plain-English
- Includes user-replaceable, long-life lithium batteries

It talks!
- Two-button panic
- Recessed keys
- Requires 5800TM system status transmitter or 6150RF/6160RF/5883H
- Remote activation of lights, appliances and garage doors (additional equipment needed for lights, appliances and garage doors)
- Dimensions: 4” H x 2” W x 5/8” D
Wireless Products  5800 SERIES RECEIVERS

RECEIVERS

ADEMCO

5881ENL, 5881ENM, 5881ENH Receivers
- Connects to four wire keypad data lines
- Supports all 5800 Wireless Series non-bidirectional wireless devices (bidirectional devices are compatible with use of 5800TM)
- UL Listed for commercial fire applications
- Dimensions: 4-3/8" H x 7-3/8" W
  5881ENL - up to 8 zones
  5881ENM - up to 16 zones
  5881ENH - unlimited zones

5881ENHC Commercial Wireless Receiver
- Front and back tamper for commercial fire/burglary installations
- One or two receivers can be used to provide redundant coverage or extend coverage in large areas (panel dependent)
- Unlimited wireless zones
- Spatial Diversity System virtually eliminates “nulls” and “dead spots” within the coverage area
- Connects to control panel via the keypad bus
- UL Listed for commercial fire/burglary applications

5883H High Security Transceiver Module
- Receiver and 5800TM system transmitter built-in
- Unlimited wireless zones
- Compatible with all 5800 Series wireless devices
- Supports Honeywell ADEMCO bidirectional devices: 5804BD, 5804BDV, 5828, 5828V, 5839, 5800WAVE, 5800RL, 5800RP and 5843
- Compatible with all VISTA control panels

NEW

5800ZBRIDGE
The Z-Bridge controls Z-Wave enabled thermostats and lights automatically when it receives the armed “away” or “disarm” signal from a LYNX or VISTA (with RF keypad) control panel.

5800ZBRIDGE
- Wireless set back control of Z-Wave enabled thermostats
- Wireless on/off control of Z-Wave lighting devices
- Supports up to
  - Two individual Z-Wave enabled thermostats
  - Two individual Z-Wave lighting devices
- Sends thermostat set-back/lights off when security system is armed “away”
- Sends thermostat run/lights on when security system is “disarmed”
- LED indicator of system armed “away” or “stay” and “ready to arm”
- Compatible with all LYNX controls and VISTA Plus (with RF keypad) controls
- Power: 12VDC transformer included
- Dimensions: 4-1/2" x 2 - 3/4" x 1/4"

ALSO AVAILABLE: (in Keypad section)
6150RF – Deluxe Fixed English Integrated Keypad/Receiver
6160RF – Deluxe Custom Alpha Integrated Keypad/Receiver
**ACCESSORIES**

**5800RP**
*Wireless Repeater*
- Extends the range of 5800 Series wireless devices
- Receives alarm, status and control messages from 5800 RF devices and repeats these messages to the control panel via the primary receiver
- Compatible with all 5800 wireless devices (including bidirectional devices)
- UL Listed for residential burglary
- AC powered with a six-hour battery back up
- Dimensions: 4-3/8” H x 7-3/8” W

**5800TM**
*Transmitter Module*
- Sends system status/message back to bidirectional wireless devices
- Allows upsell opportunities to add bidirectional wireless devices to existing RF system
- Gives homeowners system status before they enter the premises
- Dimensions: 4-1/8” H x 2-1/4” W x 7/8” D

**5800WAVE**
*Wireless Siren*
- Siren output level is 95 dB at three feet
- Transmits status, tamper, low battery, supervisory and AC loss messages
- AC powered with a rechargeable 12-hour battery backup
- Plugs in to any standard duplex receptacle
- Dimensions: 7-1/2” H x 4-1/2” W x 2-1/4” D

**5843**
*Wireless Switch Module*
- Controls multiple functions with the same keyfob used to control the security system
- Works with up to eight wireless keys
- Supports encrypted and non-encrypted operation
- Activates any device requiring momentary closure
- Dimensions: 5” H x 2-3/4” W

**5875**
*RF Lamp Module*
- Plugs into any 110 outlet; no wiring needed
- Uses 5800 Series remote to control security system and any lamp
- 50 feet of range

Compatible with: 5804, 5804BD, 5804BDV, 5805-6, 5878
Wireless Products  5800 SERIES

WIRELESS KEYPADS

With no wires to run, wireless keypads cut installation time and labor costs.

5828V
Wireless Talking Fixed English Keypad
• Speaks system status and zone information in plain English
• Family message center
• Four programmable function keys for single button operation
• Includes (3) AA batteries or can use AC adapter for “always on” operation
• Optional deskmount to sit on any surface in the home (5828DM)
Compatible with LYNX* out of the box and VISTA controls through a 6160RF/6150RF or 5883H

5828
Wireless Fixed English Keypad
• Displays system status and zone information
• Four programmable function keys for single button operation
• Includes (3) AA batteries or can use optional AC adapter for “always on” operation
• Optional deskmount to sit on any surface in the home (5828DM)
Compatible with LYNX* out of the box and VISTA controls through a 6160RF/6150RF or 5883H

5839
Wireless Custom Alpha Keypad
• Large, 32-character display provides system status and zone information in plain English
• Four programmable keys
• Powered with a 9V battery or an optional AC adapter for “always on” operation 9V (battery included)
Compatible with all VISTA controls through a 5883H receiver

*Not compatible with all revisions.
Honeywell's Street Smart Series gives you the capability of adding wireless remote control to any professional security system.

**CE3**
Code Encryptor 3
Four-Button Universal Receiver/Remote Kit
- Arm, disarm and two-button panic directly through the data bus using no zones
- Garage door access up to two doors using secure encrypted codes
- Easy installation, self-identifies to virtually any security panel
- LED status light gives visual confirmation of arm and disarm
- Includes user-replaceable battery

**CE2Y-2**
Code Encryptor II
Three-Button Universal Receiver/Remote Kit
- Arm, disarm and panic directly through the data bus using no zones
- Garage door access using secure encrypted codes
- Easy installation, self-identifies to virtually any security panel
- LED status light gives visual confirmation of arm and disarm
- Two relay outputs when standalone
- Includes user-replaceable battery

**WEL-Y**
Wireless Emergency Line Universal Panic Receiver/Remote Kit
- Medical or police, instant or delayed panic via the keypad data bus
- Water-resistant
- Single Form C relay when standalone
- Inexpensive and economical panic button
- Automatic alarm recognition with LED indicator to indicate which alarm panel has been detected
- Includes user-replaceable battery

**WA6R**
Wireless Automator
Six Relay Receiver/Remote Kit
- Six relay outputs - Form C relays
- Four billion encrypted codes allow you to control any device without giving up security
- Each relay can be programmed separately (eight mode options)
- Add up to seven remotes to one receiver
- Includes user-replaceable battery

**WT400**
Wall Switch Plate
- Wireless transmitter
- Control multiple lights
- Easy installation - mounts anywhere
- Thin, sleek design
- Includes user-replaceable battery
