

## HD3CX

### STANDARD RESOLUTION COLOUR INDOOR MINI-DOME CAMERAS

Honeywell's HD3CX indoor colour dome camera encompasses the latest in colour Digital Signal Processing (DSP) technology. The standard resolution HD3CX integrates a camera and lens into a single piece, tamper proof, compact unit that can be surface or flush mounted for fast and easy installation. It is attractive and unobtrusive yet provides a crime-detering presence round-the-clock with its excellent low light imaging protection. The compact surface mount or flush one-piece mount design allows for fast, easy installation and a wall/pendant mount kit is available in off white for inconspicuous installation in virtually any application. The housing is designed to easily mount directly to a ceiling or wall, and a 4S adapter plate is supplied with the unit for mounting over an electric box. A service/monitor cable is also included for easy on-site adjustments.

The HD3CX incorporates a 1/3" CCD, offering 350 TV lines of crisp, clear horizontal resolution with a minimum illumination of 0.2 lux. The HD3CX Series comes equipped with a 2.8 – 10 mm (F1.3) Vari-focal Auto Iris lens to cover a wide range of viewing angles. Picture adjustment after installation is easy with the 3-D axis gimbal that is capable of 360° of pan, 180° of tilt and 360° of horizontal rotation. The HD3CX also features a tamper resistant lockable cover and a 'cable management' housing design for installations requiring the video and power connectors to be contained within the housing base.

The HD3CX accepts either 12 VDC or 24 VAC (auto sensing) for proper operation and flexible installation. The Backlight Compensation (BLC) and Auto Tracking White Balance (ATW) ensure crisp colour images in dark or backlit environments such as windows and doorways. The Automatic Gain Control (AGC) feature increases the signal strength from the camera when scene lighting is low, keeping the picture sharp and viewable at all times.

### Market Opportunities

The cost effective HD3CX sets a new standard in high quality indoor surveillance. Standard resolution picture quality, attractive cosmetic appearance, true colour reproduction and excellent low light performance make the HD3CX dome cameras the ideal solution for a wide range of applications such as retail, casinos, banks, shopping centres, residential applications or hotel lobbies - wherever surveillance must be discreet.

### Features

- 1/3" Sony Interline CCD
- Standard resolution colour: 350 TV lines
- Single model for surface mount and recessed ceiling applications, 4S adapter plate also supplied
- Tamper resistant dome offers secure installation
