By Air

When you arrive by plane at London Heathrow Airport, we suggest hiring a taxi. Our office is in 45 minutes driving distance from the airport. The approximate costs for a taxi from the Airport to Bracknell is £60. The price for a taxi from the Airport to one of the Honeywell selected Hotels should be similar.

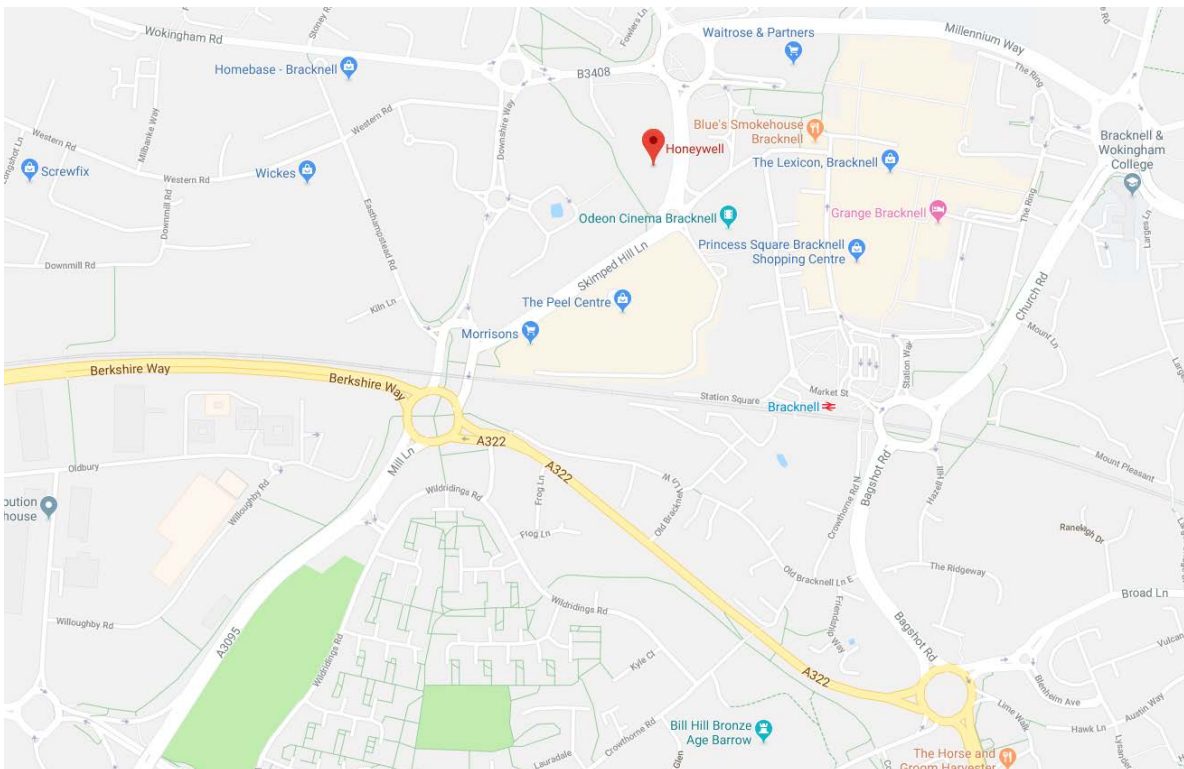

Although most taxis accept credit cards, it is wise to ask the driver before entering the car.

Unfortunately, there are no simple public transport options available from Heathrow to Bracknell, however it is possible with the guidance of a good mobile phone app. For example, Google maps or Trainline.

By Car

Bracknell is situated west of London and can be reached by car.

1. Set your Satnav to the post code RG12 1EB, or Honeywell, Bracknell.
